Objective

Dedicated and enthusiastic BCA student with a strong interest in teaching. Passionate about helping students understand concepts clearly through simple explanations and real-life examples. Seeking an opportunity to contribute as a tutor and support student growth.

Education

Bachelor of Computer Applications (BCA) (*Pursuing*)

George Telegraph Institute, Sealdah

Teaching Experience

- Provided **informal home tutoring** to small groups of students (Class 6–8)
- Helped students improve understanding in **Mathematics and Basic Science**
- Focused on concept clarity, practice, and doubt-solving

Core Skills

- Mathematics (Class 7–8 level)
- English Grammar and Writing
- Basic Science Concepts
- Computer Fundamentals
- Concept explanation using simple methods

Teaching Strengths

- Explains difficult topics in an easy and practical way
- Uses real-life examples to improve understanding
- Encourages student interaction and questions
- Focus on concept clarity rather than memorization

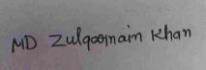

Personal Qualities

- Quick learner and adaptable
 - Responsible and punctual
 - Patient and student-friendly approach
 - Willing to prepare thoroughly before each class
-

Additional Information

- Comfortable teaching Classes 7–8
 - Preparing to handle higher classes (9–10) with proper planning
-
